

INTERVAL INTERNATIONAL UPGRADE RULES

AGENT REFERENCE

Scope: Weeks-based exchanges. The Buyers' Guide uses the term "upgrade," not "uptrade."

CORE RULE A member may confirm available accommodations with an Exchange Value up to **2 values above** the Trading Power of the deposited week without an upgrade fee. Higher values require the applicable upgrade fee, plus any applicable tax.

UPGRADE FEE TIERS

Up to +2	+3 to +5	+6 to +8	+9 to +11	+12 and higher
No additional fee	\$99	\$199	\$399	\$599

QUICK CALCULATION

1. Compare

Requested Exchange Value to deposited week's Trading Power

2. Find the difference

Requested Exchange Value minus Trading Power

3. Apply the tier

If the difference is +3 or more, apply the fee tier and any applicable tax

WHEN AN UPGRADE MAY BE USED

Confirmation options

- An upgrade may be confirmed with an instant confirmation.
- An upgrade may be included in a pending request when the member agrees to pay the applicable fee if a higher-value unit is confirmed.
- All confirmations remain subject to availability.

Key exceptions

- Flexchange: An upgrade received with a Flexchange confirmation does not require an upgrade fee.
- E-Plus: The upgraded Exchange Value of the original confirmation is used for the retrade. If the desired retrade exceeds that value, an additional upgrade must be purchased.

PAYMENT, CANCELLATION, AND REFUND

- The upgrade fee is payable when the upgrade is confirmed.
- The upgrade fee is refunded only if the confirmation is canceled within the first 24 hours after the exchange request has been confirmed.
- After the first 24 hours, the upgrade fee is nonrefundable.

WORKED EXAMPLE

Trading Power	Requested Value	Difference	Upgrade Fee
20	27	+7	\$199 plus any applicable tax

OWNER TALK TRACK

"Your deposited week has a Trading Power of __. The available accommodation has an Exchange Value of __, which is __ values higher. **The applicable upgrade fee is \$__ plus any applicable tax.** The confirmation remains subject to availability."
